No, I don't yet, trying to get them from Chicopee PD. Not even sure if it is your case, just trying to check and get things lined up. If I do get called for a trial I will get the numbers ahead of time and let you know.

Thanks,

Dave

Hi Dave-

Here's my schedule through the end of December:

| Trial Date                  | Court                |
|-----------------------------|----------------------|
| 12/1/2011 (into trial pool) | Springfield Superior |
| 12/8/2011(into trial pool)  | Springfield Superior |
| 12/8/2011                   | Holyoke District     |
| 12/12/2011 (or 12/13/2011)  | Springfield Superior |
| 12/12/2011                  | Taunton District     |
| 12/13/2011                  | Springfield District |
| 12/13/2011                  | Springfield District |
| 12/13/2011                  | Wareham District     |
| 12/14/2011                  | Springfield District |
| 12/14/2011                  | Holyoke District     |
| 12/15/2011                  | Northampton District |

I've already informed Taunton and Wareham about the other 3 Superior Court cases that may be in the waiting for me next week, so adding a couple more won't be a big deal. I'm not sure what the odds are for me actually going yet (though I will try to find out when I email them again), if they do need me it will most likely be after lunch as we are normally on call for them. Since I may be out of the lab a fair amount next week, do you happen to have the lab numbers for the cases so I can look up my notes for them? Thanks.

-Sonja

Can u give me your schedule for December please. I have a couple of trials coming up next week (12/12 – 12/16) that I may need you for.

Thanks,

Dave

Hi Dave-

How did the motion to suppress unfold yesterday? Are you going to need me to testify today? As I said yesterday, I do not have any scheduling conflicts today, but I'm just trying to plan my day accordingly. Thanks.

Hi Sonja:

I will be starting a trial on Thursday, October 6, 2011. I will need you either late Thursday or Friday, which works better for you? It is analysis numbers [REDACTED]

Thanks,

Dave
